Novum Curriculum, Larger Catechism, etc.

III. Primitive technology:

- Fishing
- Hunting
- Metallurgy
- Weapon smiting
- Wood working
- Animal husbandry
- Primitive mineralogy-petrology–Stonemasonry
- Shelter construction
- Horticulture
- Sewing – make clothing

(List of books under construction)

IV. Martial arts: Fighting, Archery, Guns

V. Go out for a drink at a bar and pursue women, pimbandho.com (raises testosterone)

VI. Traditional Music and Dancing Clubs

VII. Develop a Raw Primal Cuisine – Possibly Make YouTube channel

VIII. Building machines, i.e. engines, generators, go karts etc.

IX. Make Money while the matrix is up(Learn Economics and the Financial Market: Modern Monetary Theory – Warren Mosler, Michael Norman):

- Forex
- Stock Market

X. Work a second job and make money for land, supplies, etc. (Delivery is easiest)

XI. Go to the gym and get jacked!

XII. Join a sports league.

You are going to feel stupid at first and it will be hard but just keep at it and when you get good it becomes really fun. Consider hiring a tutor or taking classes in these fields.

Any other suggestions are welcome.
