The Jews Are not to Blame for the 9/11 Attacks

On September of 2001 I was living in Upland, California a suburb of the Los Angeles Basin as a Bible College major with two of my fellow students; we were also members of the same Church. I was sleeping in the living room as I could not afford my own room as of yet. My roommate Dillon rushed into the living room and woke me up. He turned on the television and there stood the smoking pillar of the North tower of the World Trade Center. We watched in awe as yet another plane rushed across the screen striking the South tower moments later. I was obsessed with this event for years afterwards especially when Alex Jones released his 2005 documentary *Martial Law 9/11: Rise of the Police State*. I never believed what the Government said but what the alternative resources were teaching wasn't much clearer. As my students know I have taken a philosophical and academic approach to life rather than a conspiratorial one. I do not believe that conspiracies do not exist, far from it. I simply do not focus on conspiracies because I have never seen any of the conspiracy movements ever develop an alternative platform to the mainstream power structure: a solution to the problems we face. All they care to do is to complain about the problems so they can play the victim and justify their childish lifestyles. I was faced with the same problems when researching the JFK event as well. As with the JFK event so we will see in the 9/11 event, if you are like me, you were never able to find any stream of evidence that led to a clear conclusion as to who was behind these events. I maintain that the reason we constantly reach dead ends researching these events is that there is no reason for us to believe they ever actually happened. As I spent years in the Flat earth movement documenting the criminal fraud of NASA and the globe earth

metaphysics, I will now expose the Neo-Dreyfuss affair which is now in full gear with the recent Beirut event. The Deep state catholic agents will take the recent Beirut event as a Segway to reintroduce the 9/11 program in order blame it on the Jews pursuant to the Neo-Dreyfuss affair I have warned about for many years.

6 REASONS WE KNOW 9/11 WAS NOT INSIDE JOB OR A MOSSAD BLACK OPERATION BUT A TOTALLY FAKE EVENT

- 1. As the alleged United Airlines Flight 175 approached the South tower you can see one of its wings disappear.**

(1:26)

- 2. An hour after the South tower had been hit and MSNBC confirmed the building had collapsed we see that Flight 175 was still in the air.**

(2:40)

- 3. There is no puncture wound in the South tower as half of 175 had allegedly penetrated it.**

- 4. It is impossible for an aluminum airplane to penetrate a steel building. This is why planes are built with aluminum, because it is lighter, softer and weaker than steel and iron. Moreover, as**

we see in the famous Jennifer Spell video Flight 175 perfectly penetrates the building without even one foot of the wings even the weakest part being resisted by the steel.

5. **It is impossible for a plane to have hit the Pentagon** and senior correspondent for WUSA-TV Jamie McIntyre admitted on air, with CNN Live, that there was no evidence a plane had crashed anywhere near the building:

6. **In the Jennifer Obserstein video the buildings look completely fake. The Empire State building is seen in terrible quality and it is clearly leaning over:**

Now this creates an extremely difficult problem for the Anti-Semites who blame 9/11 on the Jews and the Dancing Israelis! See **Renegade Tribune's** *Israel's Role in 9/11* by Philip Giraldi. In this article RT accuses Israel of monitoring and having personal association in all activities of the **alleged hijackers**. RT continues,

“Now it is just possible that the Urban Moving Israelis were indeed uninvolved in 9/11 but nevertheless working for Mossad, which the Israeli government even subsequently admitted, but the new evidence suggests that the Israelis almost certainly had considerable prior knowledge and were likely involved in what developed. The new information reveals that minutes after the first plane struck the World Trade Center, five Israelis had taken up position in the parking lot of the Doric Apartment Complex in Union City, New Jersey, where they took pictures and filmed the attacks while also celebrating the fall of the towers and “high fiving.” One eyewitness interviewed by the Bureau had seen the Israelis’ van circling the building parking at 8:00 a.m. that day, more than 40 minutes prior to the attack, indicating prior knowledge of what was about to happen.”

Folks there were **no hijackers** because there were **no airplanes** flying into buildings on 9/11. This completely destroys the deep state Catholic flypaper project. The Jews were not behind the 9/11 attacks be-

cause...there were no 9/11 attacks. The explosions were done by prepared bombs set off by Deep State agents loyal to the Roman papacy to further the agenda of the Papacy in the middle east and foment a Neo-Dreyfuss Affair. For more information see:
